

WHEN YOU NEED TO GET THE JOB DONE RIGHT, NOTHING BEATS A MOTREC.

CUSTOM-BUILT

- Experienced and skilled engineering team
- Modular designs with unlimited configurations
- Committed to custom-built according to your needs
- Various voltage options: 24V, 36V, 48V, 72V & 80V
- Multi-passenger settings
- Easily accommodates add-on components
- Ability to adjust to changing regulations

SAFETY

- *Certified Performance* testing methodology
- Energy recovery system to ensure deceleration
- Automatic electromagnetic parking brake
- Neutral start switch, emergency stop button and deadman seat switch
- Weight distribution for better braking capacity
- Standard LED lights on all vehicles

INNOVATION

- Award-winning AC Direct Drive powertrain
- AC controller with multifunction display
- Aluminum and galvanized steel differential with ground-tooth gears and drum brakes
- Electric, ICE and hybrid systems
- High-quality components
- Energy-efficient electric motors with regenerative braking systems

PRODUCTIVITY

- Engineered to tow more per trip
- LEAN production combined with no interruption
- Industry-specific packages and options
- Configuration strategy based on interchangeable parts
- Driver-oriented ergonomic features
- Reliable conception with low maintenance

TRUSTED BY INDUSTRY LEADERS SINCE 1988

MARKET-SPECIFIC SOLUTIONS

Industrial Manufacturing
Warehousing Operations
Automotive Manufacturing
Aluminum Smelters
Airlines & Airports
Aerospace & Defense

Logistics Distribution
Tourism
Metals
Mining
Energy

MORE +

- 5 series, 30 models, unlimited options
- Minimal maintenance
- Proven longevity
- Leaner and greener
- Safety-oriented construction

INDUSTRY-PROVEN
SERIES
READY FOR YEARS OF
HEAVY-DUTY WORK

MT

MC

MP

MX

**TOW TRACTORS
FOR HEAVY-DUTY
APPLICATIONS**

- Securely pull loads up to 200,000 lbs.
- Maneuvers through challenging areas
- Moving multiple trailers over long distances
- Motrec trailers available for all vehicles

**BURDEN CARRIERS
FOR SERIOUS LOADS**

- Long flatbed cargo deck
- Carry loads of up to 15,000 lbs.
- Mobile workshop
- Multiple seating configurations
- Durable

**PERSONNEL CARRIERS
WITH PROVEN SAFETY**

- Transport up to 36 passengers
- Multi-passenger configurations
- Maneuverable
- Three times faster than on foot
- Comfortable

**STOCK CHASERS
THAT CAN DO IT ALL**

- Dual front wheels
- Stand-up ergonomic driving position
- 360° visibility
- Large deck area
- Low-step entry
- Stable and nimble

**CUSTOM VEHICLES
TAILORED FOR THE TASK**

- Modular designs
- Built to your exact specifications
- Unlimited configurations
- Industry-renowned expertise
- Multiple applications

**GET THE MOST OUT OF THE
TRADITIONAL FORKLIFT FLEET**

- Tow multiple trailers over long distances
- Quick return on investment (ROI) on carts and tuggers
- More affordable and low total cost of ownership (TCO)
- LEAN manufacturing and just-in-time production oriented
- Easy-to-operate design for operator safety and comfort
- Lower operating cost since minimum driver expertise required

A GLOBAL NETWORK OF EXPERTS

BUILT IN CANADA. SUPPORTED GLOBALLY.

Motrec's global network of dealers provides customers with **exceptional sales support.**

From maintenance to the rapid supply of **genuine replacement parts**, our dealers work hard to ensure every customer enjoys comprehensive, competent and reliable service.
